OBJECTIVE

First-year Computer Science (Cyber Security) student seeking to grow in software engineering and ethical hacking. Keen on building practical projects, learning secure coding, and working in teams.

EDUCATION

B.Tech, Computer Science and Engineering (Cyber Security) | Vellore Institute of Technology, Vellore | 2026 to 2030
Admitted through VITEEE (rank ~8,000); JEE Main 98 percentile. CGPA: to be updated after Semester 1.

Class 12 (CBSE) | Holy Angels' Convent School, Muzaffarnagar, UP | 2025 | 85.4%
Class 10 (CBSE) | Holy Angels' Convent School, Muzaffarnagar, UP | 2023 | 89.5%

TECHNICAL SKILLS

Languages: C, C++, Python, JavaScript (Node.js), SQL, HTML
Frameworks and tools: Streamlit, Git and GitHub, Linux, VS Code
Interests: Software development, ethical hacking, cyber security

PROJECTS

Website Change Detector | Node.js, Playwright, Docker | Code | Live demo

- Built a tool that monitors public web pages in a headless browser and alerts users to meaningful changes, filtering out noise such as ads, timestamps and counters.
- Added text and screenshot comparison, a visual element picker, a scheduler with retries and backoff, and email, Telegram, Discord and webhook alerts. Deployed with Docker on Render.

AI Food Nutrition Tracker (Team Lead) | React, FastAPI, PyTorch, SQLite | Code

- Led a team project that predicts Indian dishes from food photos, adjusts nutrition values by portion size, and logs daily meals.
- Contributed across the app and coordinated frontend, backend and dataset work through a shared API contract.

MasterTrack: Personal Finance Tracker | Python, Streamlit, SQLite3 | Code

- Built a team finance app with secure login (hashed passwords), monthly budgets, expense tracking across 11 categories, and charts.
- Handled the SQL database design and the back-end to front-end integration.

Iris Flower Classification | Python, scikit-learn, Pandas | Code

- Compared Decision Tree and KNN classifiers on the Iris dataset; KNN reached 100% test accuracy versus 93.3% for the Decision Tree.
- Validated results with 5-fold cross-validation and confusion matrices.

CERTIFICATIONS

Introduction to Linux | graVITas 2026, VIT Vellore | Sep 2026 | View certificate

LEADERSHIP AND ACHIEVEMENTS

- **Best Outgoing Student Award**, 2024-25, Holy Angels' Convent School
- **Head Boy** (Class 12) and **House Captain**, Student Council (Class 11), Holy Angels' Convent School
- **Member**, VINNOVATE IT (technical club), VIT Vellore
